Red 2006

*It's rare, it's delicious, it's an
absolute gem !*

Our 2006 is a truly dazzling wine ! It's the crowning glory in a series of seriously great earlier vintages, most particularly those of 2003 and 2005.

2006 was an extraordinary year, great heat in June and July, followed by an unusually cool August. Throughout the summer there was the threat of drought.

Overall, the wine is dense and concentrated, in the mouth it's sumptuous, truly delicious. It ends gloriously soft and very fruity.

There's only one downside : production of this lovely 2006 wine was 15% down on a normal year. Let's hope we get back to normal in 2007 but even then it's worth remembering that Daumas Gassac is fundamentally an exceedingly rare, truly great wine !

A quick word on the rare, exquisite miracle that is the white Daumas Gassac ! Last year we couldn't meet orders of 15,000 bottles. We hope for better quantities in 2007 ! **But, even in normal times, quantities of this wine are pretty limited due to low yield, so do remember to order in early September to avoid disappointment.**

Finally, I'd like to thank all friends of Daumas Gassac for their loyalty and the support they give to the natural character that bursts out of the wines of this magical valley. Find out more ! Come and see us !

I send you my very best wishes
